

Clearswift ARgon for Email

End of Life Statement for Version 1.5

Alyn Hockey, VP Product Management

7th November 2017

End of Life

This End of Life Statement announces the end of life for the Clearswift ARgon for Email version 1.5.

Twelve months from the date of this statement, on the 7th November 2018, maintenance support for version 1.5 will cease to be provided.

New ARgon for Email version 1.7

Clearswift ARgon for Email version 1.7 will be released on the 7th November 2017 and will incorporate the following new capabilities:

- AR for JPEG
- STIG hardening
- Improved TLS controls

Version 1.7 will be available as a free upgrade to all supported customers. To benefit from the new features included in this release, and important bug fixes, we advise all customers to upgrade to version 1.7 as soon as possible.

Summary of Key Points

From the 7th November 2017:

- Clearswift ARgon for Email 1.5 starts End of Life program on 7th November 2017
- Clearswift ARgon for Email 1.5 will End of Life on 7th November 2018
